28	Macter International Limited	CO-AMOXI SUSPENSION 312.50 MG 60 ml	Responsive	The Chairman Grievance Committee Dated: 24.12.2019 Directorate General Health Services Punjab 24-Cooper Road Lahore. Sub: GRIEVANCE TO RE-CONSIDER TECHNICAL MARKS OF OUR AMOXICILLIN + CLAVULANIC ACID SUSPENSION 250MG + 62.5MG / 5ML (CO-AMOXI SUSPENSION 312.50MG ) (S.NO. 118, P.Q. NO .26 & T.E. NO. 12)___ Respected Sir Please refer to your published bid evaluation report in which our subject mentioned quoted item awarded 42 marks in which 3marks of Sale in Private Sector were missed. In this regard, it is humbly requested that our Sale in Private Sector is more than 25% of advertised quantity i.e. 1,000,000 bottles. So kindly award 3 marks. We are also enclosing following documents for your kind consideration: • IMS Data • Undertaking on Stamp Paper (already submitted in our bid). • Sales Summary (already submitted in our bid). You are requested that above mentioned 3 additional marks may please be added in our current 42 marks and total marks will be 45. Thanking you. Yours truly, for Macter International Ltd.	Mr. Mumtaz Zaidi from M/s Macter International Limited attended the meeting and presented their grievance to the grievance redressal committee. The committee heard the view point of the representative of the firm which was examined in the light of Technical Evaluation Report.  The committee after due deliberation and discussion, keeping in view the required parameters in detail decided that item CO-AMOXI SUSPENSION 312.50MG 60 ml private sales is above the 25% sales of advertised quantity so (3) marks are awarded. In TER marks were 42 but M/s GSK filed grievance against M/s Macter claiming to re-check the sales of said item but the quoted item of M/s Macter was 60 ml susp instead of 90ml. After rechecking it was found that (3) marks have been deducted from the total marks awarded as per TER. So 39 marks remained. GRC accepted the grievance of the firm M/s macter and now total obtained marks are again 42 for that item and status of the item CO-AMOXI SUSPENSION 312.50MG 60ml is declared as <b>Responsive</b> .

We participated in the tender (RFP) by your department and quoted 7 items along with all required documents. We have been declared non-responsive as we have not secured qualifying marks i.e 42 marks. We have been given 0 marks under the following evaluation criteria: 1. Supply of quoted product in private sector (total 10 marks) 2. Supply of quoted product in Public sector (total 10 marks) 3. Details regarding quality of product i.e % of sub-standard batches of quoted product by DTL (Total 10 marks) In this regard, we would like to submit our grievance that we have submitted all required documents as per bidding documents i.e Summary of sale in private sector for each quoted item on Rs. 100/= stamp paper duly notarized, Summary of sale in public sector for each quoted item on Rs. 100/= stamp paper duly notarized along with purchase orders and Rs. 100/= stamp paper duly notarized regarding undertaking sub-standard batches. We also submitted DRC &amp; renewal of all quoted items in our bid but technical evaluation report says that DRC of quoted items are not available. We assume that due to heavy documentation, technical evaluation committee overlooked documents submitted against above mentioned criteria for each quoted product resulted in scoring less marks declaring non-responsive. Since, all required documents are available in our technical bid, we claim following total marks against each quoted items: Item no 6: (ibu-profen susp) = 56 marks item no 20: (Dimenhydrinate liquid) = 56 marks item no 26: (Metronidazole susp) = 56 marks item no 29: (Syp Aminophyllin, amonium chloride, etc) = 56 marks item no 33: (Chloropheneramin melaete syp) = 56 marks Item no 38: (Salbutamol Syp) = 56 marks item no 44: (Tab montelukast 10mg) = 53 marks For your ease in evaluation, we are again submitting all required documents against 3 said evaluation criteria. 			<p>We are the only local manufacturer of Insulin Injection (Insuget) and our facility is PIC/s &amp; WHO approved which are International Bodies recognized all over the world. I can proudly say that we are the only company in Pakistan to have these certifications, as no other company is PIC/s/WHO certified locally.</p> <p>According to Rule 26(2) A procuring agency shall allow for a preference to domestic or national contractor in accordance with the policies of the Government and the magnitude of price preference to be accorded shall be clearly mentioned in the bidding document under the bid evaluation criteria in spite of according of preference to M/s Getz Pharma, a national pharmaceutical manufacturer, its product Insuget was knocked down even submission of Bio-Similar studies. (Copy attached).</p> <p>Minutes for 278th Meeting of Registration Board (29-31st January, 2018), DRAP for Biological drugs using rDNA technology states</p> <p>“The firm shall provide the complete Bio-similarity studies of the finished product of same source (bulk concentrate or ready to fill) manufactured either from country of origin or by any reference regulatory authority as adopted by Registration Board to demonstrate the bio-similarity”.</p> <p>And Getz Pharma Private Limited provided the Two Biosimilar studies from Biocon since drug substance i.e. Human Insulin (rDNA origin) used for the manufacture of Insuget is of Biocon Ltd, India.</p> <p>Clinical Trials Report was performed according to ICH, GCP by Clinigene International Pvt. Ltd., Bangalore.</p> <p>Registration Board of Drug Regulatory Authority of Pakistan (DRAP) after implementation of Biosimilarity Guidelines have</p>	<p>Moreover, firm Provided Biosimilar study of Insugin 70/30 which is not quoted product of M/s Getz Pharma hence grievance of the firm was rejected for this parameter.</p> <p>Firm attached Minutes for 278th Meeting of Registration Board (29-31st January 2018), DRAP for Biological drugs using rDNA technology states. However, these meeting minutes does not construe that M/s Getz Pharma have biosimilar study of finished product i.e. insuget 70/30.</p> <p>Firm provided US-FDA Scale Up and Post Approval Changes (SUPAC) document, however, same document itself mentioning that document is applicable for “Immediate release oral solid Dosage form” rather than Injectables. Hence firm claim is rejected for this parameter.</p> <p>Keeping in view these facts grievance of M/s Getz Pharma was rejected and Status of its quoted item “Insuget 70/30” remained <b>Non-Responsive</b> due to noncompliance of knock down clause no. viii i.e</p> <p>The bidder must submit bio similarity studies data (for biologicals and biotech products).</p> <p>and also due to noncompliance of advertised specification i.e</p> <p>Attach Bio-similarity studies data of finished form of quoted brand.</p>

			<p>granted approvals to the applicants/companies for change in manufacturing site without conducting Biosimilarity Study again from the new manufacturing site. (list and decisions attached)</p> <p>In reference to the Insuget Injections manufactured by Getz Pharma (Pvt.) Limited, the complete technology transfer of Insuget Injection was carried out from Biocon Limited India to Getz Pharma, which is one of global giant in biosimilar products. In addition to that, Active Pharmaceutical Ingredient used in the manufacturing Insuget Injections is still imported from Biocon Limited. Therefore, all the clinical studies performed by Biocon Limited are applicable on Insuget Injections, since it has same formulation, manufacturing process, specification and even source of API is same. (Documents already submitted, attaching again for review)</p> <p>Similarly, in accordance with US-FDA Scale Up and Post Approval Changes (SUPAC) - Site Changes Level 3 states, "Site changes consist of changes in location of the site of manufacture' there is no requirement of in-vivo Bioequivalence / Bio similarity studies again". Therefore, all the clinical studies performed by Biocon Limited is applicable on Insuget Injections (copy attached).</p> <p>Dear Sir,</p> <p>We are also aggrieved by the firm evaluation sole agent at S. No. 1 T.E No.4 which is also not an innovator brand, Technical evaluation committee evaluated and declared the bid of said firm responsive even though our competitor stated that biosimilar study is not available (N/A). As per compulsory parameters of Sole Agents of Foreign Principal at Serial No. VII as well as specifications of Bidding Documents it is mandatory to attach the Biosimilar Study along with the tender</p>	<p>Committee examine the grievance of M/s Getz pharma against M/s Novo Nordisk sole agent at S. No. 1 T.E No.4 in detail and with due deliberation and decided that M/s Novo Nordisk insulin was registered at official web site of FDA at "Orange Book: Approved Drug Products with Therapeutic Equivalence Evaluations"</p> <p>With NDA (New Drug Approval) # 019991 with name of Novolin 70/30 (Insulin susp Isophane Recombinant Human) and having status of "RLD (Reference Listed Drug)" Furthermore, M/s Novo Nordisk submitted valid Certificate of Pharmaceutical Product- Approved drug Product Certificate no. 49RE-GUFX issued by US FDA which states that Novolin 70/30 with international trade name Mixtard 30 (Product license no. 019991) for importing country Pakistan. In addition, Mixtard 30 is also not included in approved Biosimilar insulin products list of EMA (European Medicine Agency) official web site.</p> <p>Hence, grievance of M/s Getz Pharma against M/s Novo Nordisk was Rejected.</p>

			<p>Proposals for various products and to the shock and surprise, the technical specification for Insulin Injection 70/30 (at serial No.37) contains a prerequisite that bioequivalence/biosimilar studies must be attached and the product must be CE/EMA/US-FDA/WHO approved (hereinafter referred to as the 'Impugned Conditions'). It is submitted that the Impugned Conditions were neither mentioned in the original prequalification documents for the Subject Product nor in the corrigendum which was issued in relation to the tender. In fact, the Impugned Conditions were never included in any of the previous tenders for the Subject Product and Getz Pharma has been awarded contracts for the Subject Product in previous tenders issued by the Primary and Secondary Health Care Department. Therefore, the Impugned Conditions are completely illegal.</p> <p>On October 28, 2019 the case was forwarded to UHS and committee was formed headed by Prof. Dr Mr. Javiad Akram. DGHS again issued RFP Phase II on November 9, 2019. The specifications were a little bit changed, (product must be CE/EMA/US-FDA/WHO approved) removed from specifications and compulsory Biosimilar Study of finished form of quoted brand was incorporated both for local manufacturer as well as for sole agent.</p> <p>That under Rule 10 of the Punjab Procurement Rules, 2014 states that the Specifications are to "allow the widest possible competition which shall not favour any single contractor nor put others at a disadvantage". The condition of Biosimilarity Study has been inserted at this belated stage in order to appease our competitor for awarding framework contract of 2 million vials of Human Insulin. Therefore, this condition is</p>

			<p>violative of, inter-alia, Article 25 of the Constitution, 1973, and Rule 10 of the PPR Rules.</p> <p>That Rule 34 of the PPR Rules defines discriminatory and difficult conditions as “any condition, which discriminates between bidders or which is difficult to meet. Explanation. - In ascertaining the discriminatory or difficult nature of any condition, reference shall be made to the ordinary practices of that trade, manufacturing, construction business or service to which that particular procurement is related”. There is no requirement of Biosimilarity Study, as a registration requirement, for a drug to be registered under the Drugs Act, 1976, and they discriminate against everyone except one company.</p> <p>That Rule 4 of the PPR Rules clearly defines the principles of procurement as the following “A procuring agency, while making any procurement, shall ensure that the procurement is made in a fair and transparent manner, the object of procurement brings value for money to the procuring agency and the procurement process is efficient and economical.” The Biosimilar Study conditions is also completely illegal and has been inserted at a belated stage. Even otherwise, it is settled law that conditions inserted at belated stages of tender proceedings are illegal and liable to be set aside. Furthermore, the entire notion of open competitive bidding is based on the principles of transparency and value for money. These would be completely negated if new conditions are inserted at belated stages of tender proceedings such as after prequalification in relation to the same product. Therefore, the Impugned conditions is violative of, inter-alia, Rule 4 of the PPR Rules.</p>
