As Mr. Muhammad Arshad is a case of diabetes mellitus, hypertension, ischemic heart disease and End stage renal disease. He is on maintenance hemodialysis for more than 3-months. His disease is irreversible and requires renal replacement therapy in the form of hemodialysis or renal transplant, so he is invalidated from Government job and assigned category "A".

WE CONSIDER HIM TO BE INVALID AS A CONSEQUENCE OF THE DIAGNOSIS "END STAGE RENAL DISEASE DIABETES MELLITUS, HYPERTENSION AND ISCHEMIC HEART DISEASE. THE INVALIDATION CATEGORY ASSIGNED IS "A".

- A. Completely and permanently incapacitated for further service of any kind.
- B. Completely and permanently incapacitated in the department to which he / she belongs.
- C. Incapacitated for further service in the appointment which he / she holds but we are of the opinion that after resting for _____ months he / she may be fit for service of less laborious character than which he / she is now doing. His / her incapacity does not appear to us to have been caused by irregular or intemperate habits.

Thumb and finger impressions of the examined person if not a gazetted officer.
