

TECHNICAL EVALUATION REPORT OF PROCUREMENT OF LABORATORY CONSUMABLES/PCR KITS ETC. OF NOVEL CORONAVIRUS (COVID-19) OUTBREAK FOR FINANCIAL YEAR 2019-20 ON EMERGENCY BASIS							
	Name of Firm	T.E No.	Item Name	Tehchnical Offer with brand name	Broucher of product	NTN/GST	Remarks
1	M/s Scientific System		Screw Cap Tube (2 ml)	Screw Cap Tube (2 ml) China.Plastic tube with cap.	Sample provided instead of broucher	Yes	Responsive. The product will be evaluated by Provisional reference lab (if required)
2	M/s Global marketing Services	7	Viral RNA Extraction Kits, spin column based/ magnetic beads/ vaccum based with consumables (as per recommendations provided in broucher and to perform full extraction, bidder is required to provide list of such consumables with technical quotation).CE-IVD/WHO/US FDA/JPMHLW/or as per CDC guidelines. (For Clinical/Diagnosis Purpose only). NOTE:Instrument will be provided by the firm on placement basis.	<b>Virus RNA Extraction Kit</b> Automated Extraction Kit CE-IVD Marked Model No.301009 <b>Auto Extraction Sysytem:</b> Smart LabAssist-32. Taiwan Advance Nanotech Inc., Taiwan	Yes	Yes	Responsive. The product will be evaluated by Provisional reference lab (if required)
3	M/s Global marketing Services	4	Viral DNA/RNA Extraction Kits, spin column based with consumables. (as per recommendations provided in broucher and to perform full extraction, bidder is required to provide list of such consumables with technical quotation)	<b>Manual Extraction Kit Spin Column</b> <b>Model k-2-c/100</b> <b>Sacace Biotechnology,Italy</b>	Yes	Yes	Responsive. The product will be evaluated by Provisional reference lab (if required)
4	M/s Scientific Technical Corporation (Pvt) Ltd Lahore	1	Viral RNA Extraction Kits, spin column based with consumables (as per recommendations provided in broucher and to perform full extraction, bidder is required to provide list of such consumables with technical quotation).CE-IVD/WHO/US FDA/JPMHLW/or as per CDC guidelines. (For Clinical/Diagnosis Purpose only).	<b>Nucleic Acid Extraction Reagent Life health USA make Wuhan Easy Diagnostic Biomedicine Co.,Ltd CE approved.</b>	Yes	Yes	Responsive. The product will be evaluated by Provisional reference lab (if required)
5	M/s Scientific Technical Corporation (Pvt) Ltd Lahore	4	Viral DNA/RNA Extraction Kits, spin column based with consumables. (as per recommendations provided in broucher and to perform full extraction, bidder is required to provide list of such consumables with technical quotation)	<b>Nucleic Acid Extraction Reagent Life health USA make Wuhan Easy Diagnostic Biomedicine Co.,Ltd CE approved.</b>	Yes	Yes	Responsive. The product will be evaluated by Provisional reference lab (if required)

**TECHNICAL EVALUATION REPORT OF PROCUREMENT OF LABORATORY CONSUMABLES/PCR KITS ETC. OF NOVEL CORONAVIRUS (COVID-19) OUTBREAK FOR FINANCIAL YEAR 2019-20 ON EMERGENCY BASIS**

	Name of Firm	T.E No.	Item Name	Tehchnical Offer with brand name	Broucher of product	NTN/GST	Remarks
6	M/s H.A Shah & Sones	1	Virus RNA Extraction Kit Viral RNA Extraction Kits, spin column based with consumables (as per recommendations provided in broucher and to perform full extraction, bidder is required to provide list of such consumables with technical quotation).CE-IVD/WHO/US FDA/JPMHLW/or as per CDC guidelines. (For Clinical/Diagnosis Purpose only).	<b>FAVNK 001-2 Favor Pre Viral Nucleic Extraction Kit 300 prep</b>	Yes	Yes	Responsive. The product will be evaluated by Provisional reference lab (if required)
7	M/s H.A Shah & Sones	2	Viral RNA Extraction Kits, magnetic beads with consumables (as per recommendations provided in broucher and to perform full extraction, bidder is required to provide list of such consumables with technical quotation).CE-IVD/WHO/US FDA/JPMHLW/or as per CDC guidelines. (For Clinical/Diagnosis Purpose only).	<b>BNP 027-1 Viral RNA Extraction Kit (magnetic Bead) 50/box</b>	Yes	Yes	Responsive. The product will be evaluated by Provisional reference lab (if required)
8	M/s H.A Shah & Sones	5	Viral DNA/RNA Extraction Kits, magnetic beads with consumables. (as per recommendations provided in broucher and to perform full extraction, bidder is required to provide list of such consumables with technical quotation)	<b>BNP027-1 Viral RNA Extraction Kit (Magnetic Bead) 50/box</b>	Yes	Yes	Responsive. The product will be evaluated by Provisional reference lab (if required)
10	M/s H.A Shah & Sones	3	Screw Cap Tube (2 ml)	<b>0030120094 Epperndorf Safe-lock micro test tubes 2.0 ml colourless 1000pcs</b>	Yes	Yes	Responsive. The product will be evaluated by Provisional reference lab (if required)
11	M/s Pakistan Hospital and Industrial laboratory co.	1	Viral RNA Extraction Kits, spin column based with consumables (as per recommendations provided in broucher and to perform full extraction, bidder is required to provide list of such consumables with technical quotation).CE-IVD/WHO/US FDA/JPMHLW/or as per CDC guidelines. (For Clinical/Diagnosis Purpose only).	<b>Viral Nucleic Acid Extraction Ki II CE Marked part No.VR300 Geneaid Taiwan</b>	Yes	Yes	Responsive. The product will be evaluated by Provisional reference lab (if required)
12	M/s Pakistan Hospital and Industrial laboratory co.	4	Viral DNA/RNA Extraction Kits, spin column based with consumables. (as per recommendations provided in broucher and to perform full extraction, bidder is required to provide list of such consumables with technical quotation)	<b>Viral Nucleic Acid Extraction Ki II CE Marked part No.VR300 Geneaid Taiwan</b>	Yes	Yes	Responsive. The product will be evaluated by Provisional reference lab (if required)

**TECHNICAL EVALUATION REPORT OF PROCUREMENT OF LABORATORY CONSUMABLES/PCR KITS ETC. OF NOVEL CORONAVIRUS (COVID-19) OUTBREAK FOR FINANCIAL YEAR 2019-20 ON EMERGENCY BASIS**

	Name of Firm	T.E No.	Item Name	Tehchnical Offer with brand name	Broucher of product	NTN/GST	Remarks
13	M/s Pakistan Hospital and Industrial laboratory co.	5	Viral DNA/RNA Extraction Kits, magnetic beads with consumables. (as per recommendations provided in broucher and to perform full extraction, bidder is required to provide list of such consumables with technical quotation)	<b>Virus Mag™ one step DNA/RNA Isolation kit</b> <b>SBS Genetech Co.Ltd China</b>	Yes	Yes	Responsive. The product will be evaluated by Provisional reference lab (if required)
14	M/s Pakistan Hospital and Industrial laboratory co.	8	Screw Cap Tube (2 ml)	Screw Cap Tube (2 ml) part No KG43012 SPL Life Sciences Korea	Yes	Yes	Responsive. The product will be evaluated by Provisional reference lab (if required)
15	M/s Easha Enterprise	1	Viral RNA Extraction Kits, spin column based with consumables (as per recommendations provided in broucher and to perform full extraction, bidder is required to provide list of such consumables with technical quotation).CE-IVD/WHO/US FDA/JPMHLW/or as per CDC guidelines. (For Clinical/Diagnosis Purpose only).	<b>Total RNA Purification Kit.</b> <b>CE-IVD/ISO</b> <b>Norgen Biotek Corp Canada</b>	Yes	Yes	Not-responsive (Not as per specification CE-IVD Not attached)
16	M/s Easha Enterprise	8	Screw Cap Tube (2 ml)	Screw Cap Tube (2 ml) without swab Norgen Biotek Corp	Yes	Yes	Responsive. The product will be evaluated by Provisional reference lab (if required)
17	M/s Easha Enterprise	8	Screw Cap Tube (2 ml)	<b>Screw Cap Tube (2 ml) with swab</b> <b>Norgen Biotek Corp</b>	Yes	Yes	Responsive. The product will be evaluated by Provisional reference lab (if required)
18	M/s Briogene Pvt Ltd	7	Viral RNA Extraction Kits, spin column based/magnetic beads/vaccum based with consumables (as per recommendations provided in broucher and to perform full extraction, bidder is required to provide list of such consumables with technical quotation).CE-IVD/WHO/US FDA/JPMHLW/or as per CDC guidelines. (For Clinical/Diagnosis Purpose only). <b>NOTE:Instrument will be provided by the firm on placement basis.</b>	<b>Viral RNA Extraction Kit Xiamen</b> <b>Zeean Biotech Co.Ltd China</b> <b>6 Nucleic Acid Extraction Sysytem:</b> <b>Lab-Aid 824 Nucleic Acid Extraction System China</b>	Yes	Yes	Responsive. The product will be evaluated by Provisional reference lab (if required)

**TECHNICAL EVALUATION REPORT OF PROCUREMENT OF LABORATORY CONSUMABLES/PCR KITS ETC. OF NOVEL CORONAVIRUS (COVID-19) OUTBREAK FOR FINANCIAL YEAR 2019-20 ON EMERGENCY BASIS**

	Name of Firm	T.E No.	Item Name	Tehchnical Offer with brand name	Broucher of product	NTN/GST	Remarks
19	M/s Biolife Technologies	2	Viral RNA Extraction Kits, magnetic beads with consumables (as per recommendations provided in broucher and to perform full extraction, bidder is required to provide list of such consumables with technical quotation).CE-IVD/WHO/US FDA/JPMHLW/or as per CDC guidelines. (For Clinical/Diagnosis Purpose only).	Nucleic Acid Extraction Kit Magnetic Beads cat # AS001 Luoyang Ascend biotechnology China	Yes	Yes	Responsive. The product will be evaluated by Provisional reference lab (if required)
20	M/s Biolife Technologies	5	Viral DNA/RNA Extraction Kits, magnetic beads with consumables. (as per recommendations provided in broucher and to perform full extraction, bidder is required to provide list of such consumables with technical quotation)	Nucleic Acid Extraction Kit Magnetic Beads cat # AS002 Luoyang Ascend biotechnology China	Yes	Yes	Responsive. The product will be evaluated by Provisional reference lab (if required)
21	M/s Biolife Technologies	7	Viral RNA Extraction Kits, spin column based/magnetic beads/vaccum based with consumables (as per recommendations provided in broucher and to perform full extraction, bidder is required to provide list of such consumables with technical quotation).CE-IVD/WHO/US FDA/JPMHLW/or as per CDC guidelines. (For Clinical/Diagnosis Purpose only). NOTE:Instrument will be provided by the firm on placement basis.	Nucleic Acid Extraction Kit Magnetic Beads cat # AS001 Luoyang Ascend biotechnology China  32 free automatic extraction machine 32 well will be provided for whole package order.Nucleic Acid Extraction System:Luoyang Ascend biotechnology China	Yes	Yes	Responsive. The product will be evaluated by Provisional reference lab (if required)
22	M/s Biolife Technologies	8	Screw Cap Tube (2 ml)	Screw cap tube 2ml non sterlized non RNA DNA free Wan De Gunag Lian Medical Co China	Yes	Yes	Responsive. The product will be evaluated by Provisional reference lab (if required)
23	M/s Bio Pharma International	8	Screw Cap Tube (2 ml)	Screw Cap Tube (2 ml) china.	No	Yes	Non-Responsive

**Note:** Above mentioned evaluation has been made without sample evaluation by the concerened laboratory. However, if the sample is rejected by the Lab. The bidder will stand Non-Responsive.
