His age according to his service record is 52 years 09 months 24 days and by appearance is about 52yrs.

The brief clinical findings include, Mr. Muhammad Saqib is 52 year old, had history of ischemic CVA in 2016. Now again has developed episode of recurrent CVA in March 2022. He complains of difficulty in calculation. On examination he is not able to comprehend objects and has difficulty in naming different things. He is not able to recall short as well as long term memory. Cervical nerves, motor and sensory system is intact. MRI Brain shows infarct in left temporal and posterior parietal lobe.

The opinion is as under:-

On the basis of diagnosis of Gerstmanns syndrome, in which there is no any improvement over the last 07 months, he may be considered invalid on medical grounds in Category "A".

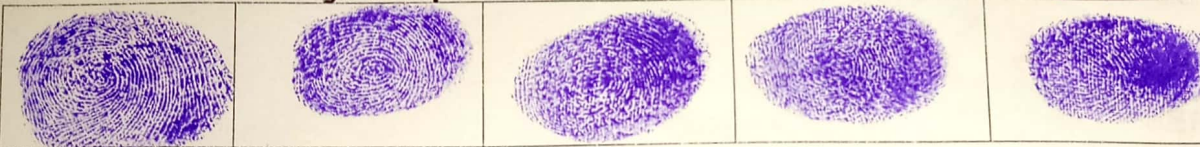

He is invalidated in **Category "A"**.

On the basis of above said opinion he is invalidated on medical grounds in Category A.

- A. Completely and permanently incapacitated for further service of any kind.
- B. Completely and permanently incapacitated in the department to which He belong.
- C. Incapacitated for further service in the appointment which He holds, but we are of the opinion that he/she is (or may after resting for \_\_\_\_\_ months be) fit for service of less laborious character that which he/she has been doing.

His incapacity does not appear to us to have been cause by irregular or intemperate habits.
